# Allan Robinson

Innovative Tech Enthusiast | Blockchain Researcher#| Apprentice at Zone01 Kisumu | Championing AI Solutions for African Development  
| Developer Advocate | UI/UX Engineer  
Kisumu, Kisumu County, Kenya

## Summary

Dedicated and ambitious individual with a passion for innovation and problem-solving. Currently on a transformative journey in the tech industry, leveraging practical experience gained from internships and apprenticeships.

### Professional Background:

1. Internship at the Privatization Commission, Kenya, honed skills in project management and administration during a dynamic 4-month tenure.
2. Presently apprenticing at Zone01 Kisumu, delving into full-stack development and computer engineering with a commitment to excellence.

### Key Skills:

1. Effective communicator, fostering strong collaborations with peers and stakeholders.
2. Proven ability to troubleshoot and resolve complex issues with a creative approach.
2. Adept at fostering teamwork and driving collective success through inclusive leadership.
3. Passionate about continuous learning and embracing innovation to stay ahead in the fast-paced tech landscape.

### Accomplishments:

1. Founded and co-founded successful ventures in the beverage and cosmetics industries, demonstrating entrepreneurial spirit and business acumen.
2. Currently spearheading the establishment of 'Givio Munchies and Cosmetics', a promising venture poised for growth.

## Goals:

3. Aspiring to revolutionize the African tech scene by harnessing the power of Artificial Intelligence to address pressing societal challenges.

## Objectives:

1. Foster a pan-African network of developers and engineers to facilitate knowledge sharing and collaboration.
2. Drive forward-thinking initiatives aimed at leveraging technology for sustainable development and social impact across the continent.

Am eager to connect with like-minded professionals and organizations passionate about driving positive change through technology.
